## Sourdough Bread\*

### May 2019

#### The Margot £4 Every day

Our bestselling, everyday sourdough. A mostly white loaf with a little wholegrain organic rye and some fermented whole wheat flour.

#### NY Light Rye £3.90 Every day

This is a NY deli style sourdough made with organic wheat flour and fermented dark rye flour. It has a closer crumb than the Margot and makes fantastic toast and sandwiches. We make a caraway version on a Friday.

#### The Geronimo £4 Every day

Named for its tendency to spring up in the oven and for the substance provided by the five seed mix, this is a much loved and delicious loaf. Contains flax seeds, sesame seeds, sunflower seeds, chia seeds and pumpkin seeds.

#### Sourdough Challah £4.20 Available Friday

Our famous, unique sourdough challah; we make it with British rapeseed oil, organic eggs, and Demerara sugar. Contains eggs and sesame. No dairy used in the dough.

#### Sourdough Bagels 90p each or 6 for £4.85 Every day

Our bagels are chewy and full of flavour; boiled and baked in the traditional way. Plain or with poppy or sesame seeds.

All our breads and pastries are naturally leavened with sourdough and are made from beginning to end in our bakery. They are given a long fermentation for nutritious, digestible and delicious baked goods which keep well. We use sea salt and organic wheat and rye flours to make our bread and pastries. All our eggs for the brioche, pastries, cakes and challah are organic from Rookery Farm.

We sell Single Variety Co. Jams, ManiLife Peanut Butter, Climpson & Sons Coffee and our House Made Granola, Vegan Granola Bars and small batch Biscuits. We sell retail boxes of the amazing Rookery Farm Organic Free Range eggs that we use for baking.

Delivered fresh every Tuesday!
